Corbett & Claude was inspired by the century old building in which our first location calls home. Located in the basement of a beautiful heritage listed building right in the heart of Brisbane CBD, we were inspired by its original use as the QLD Commercial Traveller's Association way back in 1906.

The association was built upon a passion for bringing friends and colleagues together to share stories and form life-long relationships over good food and drinks in a welcoming and familiar environment.

Our aim today is to rekindle this simple yet integral part of the community in which we stand. We strive to make everyone's day just a little better because of stopping by...

We've chosen pizza and cocktails as our way to bring to life the ultimate sharing experience and we hope to become the place you simply love to be!
